Smt M.M.K. College, Mumbai

ACADEMIC PROJECTS / EXPERIENCE

MediaVault (Cloud Storage Platform)   August 2024 - Present
- Developed a cloud storage solution that seamlessly integrates with external platforms, storing media files in their respective locations (e.g., videos on YouTube, photos on Pinterest).
- Designed and developed a secure backend architecture using Django, ensuring efficient data processing and integration with external APIs.
- Implemented a dynamic and responsive user interface with ReactJS, allowing users to easily upload, manage, and organize their media files.
- Technologies used: Django, ReactJS, Restful APIs, HTML, Bootstrap

Sub-Head, Website Team - Dot Com Club, Jai Hind College   July 2024 - Present
- Managed and maintained the official website of the Dot Com Club, ensuring smooth functionality and regular updates.
- Collaborated with club members to create and publish content, keeping the website aligned with the club's goals and events.
- Optimized website performance, implementing best practices for speed, security, and user experience.
